

Premium Agricultural Rubber Tracks

Friction Drive & Positive Drive

Tractors-Quads-Combines

Carts-Scrapers

4 Year Warranty

Production Facilities in Milan, TN and Yangzhou, China

Extreme Duty Tracks Designed for

ONE of the WORLD'S LARGEST MANUFACTURERS of RUBBER TRACKS !

Global Track is proud to present its Tank Tuff™ Agricultural Rubber Tracks produced with our one-step state-of-the-art molding process, with the strongest steel cable system consisting of 6.5mm main cables plus 4 additional steel plies and premium rubber compounds designed after OTR and mining tires.

Global Track produces OEM rubber tracks for a number of major construction machine manufacturers. Currently our tracks are produced in our ISO 9000 certified S.E. Asia factory and will start manufacturing agricultural and construction tracks at our Milan, TN building in 2019.

Friction Drive Tracks 4 year warranty

Positive Drive Tracks 4 year warranty

“Steel Guard “ 5 Layer Steel Cable System Strongest Cable System for Agricultural Tracks

- **6.5mm high-tensile strength main cable and 4 additional steel cable layers exceed OEM requirements**
- **2 additional reinforced fabric layers for extra strength**
- **Greatly increases cut/tear resistance**
- **Decreases track distortion**

Extended Wear & Increased Traction

One-step Vulcanization - Strongest Tread Bars and Drive Lugs

- Extreme duty reinforced drive lugs
- Increased adhesion strength
- Less cutting and tearing off of the tread bars and drive lugs.

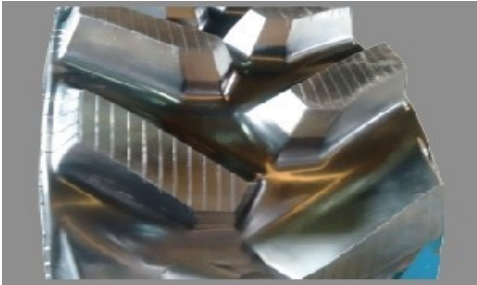

Premium Rubber Compounds - Specially Designed Tread Bars

- Increased traction, cleanout
- High heat rubber compound
- Increased track wear life
- Decreased cutting/tearing
- Less ground disturbance
- Less vibration

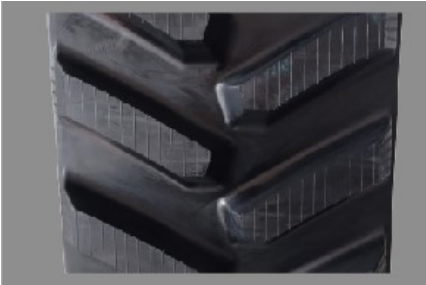

Reinforced Rubber Mid Rollers

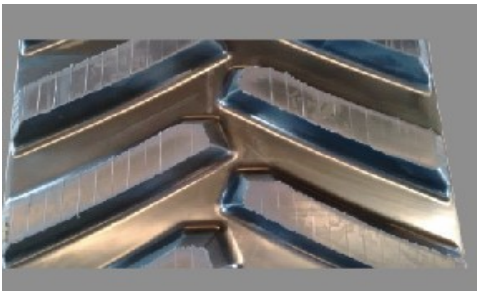

18 inch wide 6.75 pitch

24 inch wide 6 inch pitch

25 inch 7 inch pitch

36 inch wide 9 inch pitch

30 inch wide 7 inch pitch

30 inch wide 6 inch pitch Quad
